Select Images

Step 14.

Enter appropriate details

The screenshot shows the 'All About Sqft' website interface. The main content area is a form for entering property details. The form is divided into several sections:

- Area Size (Only digits)**: Input field for property area size.
- Size Prefix**: Input field with 'sqft' selected.
- Land Area (Only digits)**: Input field for property land area size.
- Land Area Size Postfix**: Input field with 'sqft' selected.
- Bedrooms**: Input field for the number of bedrooms.
- Bathrooms**: Input field for the number of bathrooms.
- Garages**: Input field for the number of garages.
- Garages Size**: Input field for the garage size.
- Year Built***: Input field for the year built.
- Video URL**: Input field for a video URL. Below it, a note says 'YouTube, Vimeo, SWF File and MOV File are support'.
- Additional Features**: A table with columns for Title and Value. An example entry is 'Eq. Equipment' with value 'Grill - Gas'. There is an 'Add New' button below.
- Property Features**: A list of checkboxes for various features: Air Conditioning, Club House, Garden Lawn, Gym, Lift, Outdoor Games, Steam/Sauna, Swimming Pool, Visitor Parking, Water Storage, and Window Grills.

Red annotations on the right side of the form provide instructions:

- A red box around the top section of the form is accompanied by the text: **Enter appropriate details.**
- Below that, another red box is accompanied by the text: **Garages = Alloted parking per unit**
- A third red box around the 'Additional Features' section is accompanied by the text: **Enter Additional Features**
- A fourth red box around the 'Property Features' section is accompanied by the text: **Check the options as per your project specification.**

Step 15.

Enter Property Location

The screenshot shows the 'All About Sqft' website interface for the 'Property location' section. The form includes the following fields:

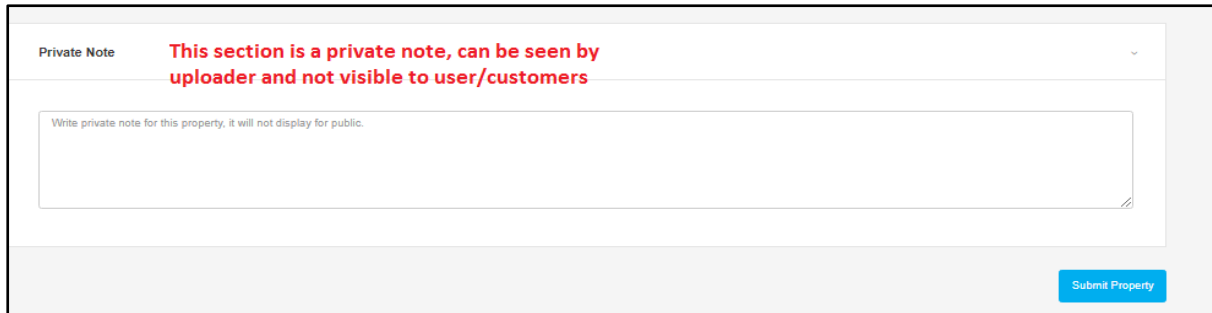

- Address**: Input field for the property address.
- Postal Code / Zip**: Input field for the property zip code.
- City**: Input field for the property city.
- Neighborhood**: Input field for the property neighborhood.
- Google Maps latitude**: Input field for the latitude.
- Google Maps longitude**: Input field for the longitude.
- Google Map Street View**: A dropdown menu currently set to 'Show'.
- Place the pin the address above**: A blue button at the bottom of the map area.

Red annotations on the right side of the form provide instructions:

- A red box around the top section of the form is accompanied by the text: **Enter Location Details**
- Below that, another red box is accompanied by the text: **Neighborhood mean = Near by School, Supermarket and other daily requirement marketplace.**
- A third red box around the Google Maps fields is accompanied by the text: **This Section is optional**
- A fourth red box around the Street View dropdown is accompanied by the text: **Can even Hide this**

Step 16.

Enter Private note if required >> click on submit property

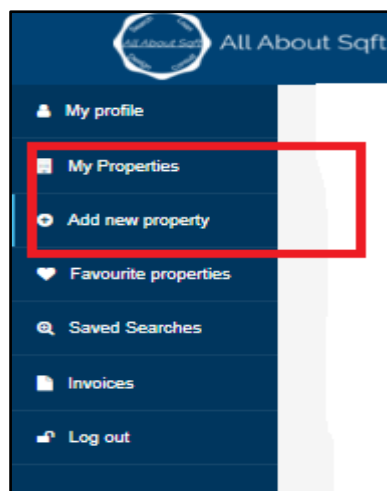

Private Note **This section is a private note, can be seen by uploader and not visible to user/customers**

Write private note for this property, it will not display for public.

Submit Property

Step 17.

You can upload more than one property and manage them.

Your Project will be live in few Hours...!!!
